

An outdoor living space should be an oasis--an escape from the grind of the real world made simple by walking into your backyard. Indiana Limestone Company is proud to introduce Urban Hardscapes Products, a versatile and beautiful landscaping line designed with this future in mind. Indiana Limestone is extremely durable and will add a touch of reverent beauty to any landscaping dream you have. Cool to the touch, it can be used for a vast array of outdoor projects.

Pavers

Urban Hardscapes Pattern Pavers by Indiana Limestone Company offer the same striking surface textures Indiana Limestone products are known for in paving stones for patios, walkways, and pool decks. They are available in mixed-size pallets for smaller projects.

FEATURES	BENEFITS
