

Indiana Limestone Company is unmatched as the premier supplier of Indiana Limestone in a range of beautiful and lasting building products. From Indiana Limestone blocks and slabs to finished dimensional cut stone and residential building products, we are the leading fully integrated supplier of the Nation's Building Stone.

Pool Coping

Indiana Limestone Company Pool Coping is a 2 1/4" inch thick bull-nosed coping. The bull-nose serves as a softened edge versus a hard-edge and is ideal for pool surrounds, though it can be used for stair treads or other design elements.

FEATURES	BENEFITS
Stock pool coping option in genuine Indiana Limestone	Short lead times for stock product, easy to inventory in a single SKU. Easy to field dress for semi-custom applications.
Perfect complement to Urban Hardscapes product line	Seamlessly blend with pattern pavers to complete the look of your pool deck
High Solar Reflective Index (SRI)	No more hot feet! Relax and be comfortable poolside without the need for sandals
