

URBAN HARDSCAPES

by Indiana Limestone Company

Indiana Limestone Company is proud to introduce Urban Hardscapes, a comprehensive and coordinated outdoor offering specifically for landscapes and hardscapes.

Pavers: Indiana Limestone pavers will bring a landscape design to life for an architect or contractor. Pavers are available in standard single paver-size pallets, as well as in a mixed-pallet for pre-designed patterns including Chesapeake, Modesto, and Highpoint. Indiana Limestone pavers provide unmatched durability and style.

Garden Steppers: Garden Steppers lend a sense of weight and permanence by creating step elements from single pieces of Indiana Limestone.

Wall Caps: Indiana Limestone wall caps are the ideal choice as an accent piece for your landscaping walls that will stand the test of time.

Pier Caps: Available in a wide range of thicknesses and cuts, Indiana Limestone pier caps are the perfect finishing touch to any wall construction.

Estate Veneer Series: Indiana Limestone veneers are the ultimate in sophisticated construction material. Estate Veneer Series are available in Indiana Limestone Company's three signature styles: Rockford Estate, Vanderbilt, and Berkshire.

Garden Walls: A dry-stacked non-retaining product, it is perfect for shallow floral beds and landscaping elements. Available in 3" and 6" heights, it is cut on-site to achieve a broad variety of looks.

Custom Applications: Indiana Limestone's versatility makes it an ideal product for any architect's vision. With a reputation of ease in fabrication, Indiana Limestone can be cut into any number of shapes and sizes by your current stone supplier or one of our preferred fabricators. Contact your Urban Hardscapes regional manager for more details.

Call your regional manager at 888.531.4122 to add Urban Hardscapes to your line.
