

Create your dream design.

Urban Hardscapes Products are a versatile and beautiful landscaping line designed with your future in mind. Cool to the touch and extremely versatile, Urban Hardscapes can be used for a vast array of outdoor projects.

BENCHES

Our Urban Hardscapes by Indiana Limestone Benches add an additional appealing component to any landscaping project. The legs and top both have split-face edges and are sawn top and bottom for a smooth seating surface.

Pair it with other Urban Hardscapes products, including our pavers, to create a residential or commercial sanctuary!
