URBAN HARDSCAPES

by Indiana Limestone Company

URBAN HARDSCAPES

Create your dream design.

An outdoor living space has unlimited uses and locations, including residential, commercial, private, and public.

Indiana Limestone is proud to introduce Urban Hardscapes Products, a versatile and beautiful landscaping line designed with your future in mind. Urban Hardscapes will add a touch of reverent beauty to any landscaping dream you have. Cool to the touch and extremely versatile, Urban Hardscapes can be used for a vast array of outdoor projects.

Indiana Limestone fits YOUR Style

Bridging traditional and contemporary styles, Urban Hardscape products are crafted in our mills in Southern Indiana and serve a broad spectrum of applications.

Need something custom? The Indiana Limestone Company has a broad list of partner fabricators that can meet your needs.

SPECIALTY FINISHES NEW

Specialty finishes can add drama and sophistication to your next natural stone project. Indiana Limestone is proud to offer three new stunning specialty finishes for pavers and treads. Each offers a distinct look and feel, combined with the unique natural beauty of Indiana Limestone.

Bush Hammer

A rough, pockmarked texture that resembles naturally weathered rock.

Sandblast or Abrasive

A smooth abrasion, which leaves the material with a slightly scratched (but not rugged) surface.

Wire Brush

Uses a coarse rotary wire brush that simulates natural wear over time.

PAVERS

Urban Hardscapes by Indiana Limestone Pavers offer the same striking surface textures that Indiana Limestone products are known for in paving stones for patios, walkways, and pool decks. Unlike other pavers, the color and composition of Indiana Limestone pavers will stay cool to the feet in the summer sun. Available in our original slab formats, new unit paving sizes, and on-trend plank sizes, we manufacture the broadest portfolio of standard Indiana Limestone pavers to help you design your vision.

APPLICATIONS

Pools

Patios

Standard pavers.

3-size modular pattern paving in the Modesto paver pattern and Vanderbilt Classic® thin veneer with treads.

24" x 24" standard size pavers.

SLAB PAVERS

Many patterns of our limestone pavers can be produced for you from our original 11 standard sizes. These sizes range from 12" x 12" to 24" x 36" and are available in the natural full color range of Indiana Limestone.

3-size modular pattern paving shown in the Highpoint paver pattern and Estate Veneer Series Berkshire™ cladding and thin sills on home.

12" x 24" and 24" x 24" standard size pavers.

12" x 24" and 24" x 36" standard size pavers.

SMALL FORMAT PAVERS

Small format Indiana Limestone pavers are a great fit for residential applications. Our popular pavers are now available at half the current scale, allowing you to design more appropriately for smaller spaces. The addition of nine new SKUs gives you the ability to combine large and small format sizes for maximum versatility. Easily integrated with our slab sized paver line and combined with other products from Urban Hardscapes, small format pavers echo the beauty of natural Indiana Limestone. The only limit is your imagination.

Small format pavers in the Lyon pattern (traditional French) with pool coping, smooth sills as wall caps, garden steppers, Estate Veneer Series Berkshire thin veneer, and 3" and 6" garden wall.

Small format pavers in the Lyon pattern with pool coping, and Estate Veneer Series Berkshire™ thin veneer wall.

Small format pavers in the Lyon pattern with sills as wall caps and 3" and 6" garden wall.

PLANK PAVERS

An on-trend, long-length, dimensional paving solution, Indiana Limestone plank pavers offer a contemporary look and feel. The versatility of our plank pavers allow landscape designers to work in a broader range of styles. Indiana Limestone plank pavers are available in three sizes and two thicknesses giving you enhanced designability and the ability to accommodate for different installation specifications.

Plank pavers in running bond pattern with pool coping.

PLANK PAVER PATTERN IDEAS

Running Bond Pattern

A pattern where the stone is set side by side, but instead of setting stone directly above each other, they are offset.

Herringbone Pattern

A pattern comprised of rows of parallel lines which in any two adjacent rows slope in opposite directions.

Stacked Bond Pattern

A pattern where the facing stone is laid with all joints aligned.

PAVER PATTERNS

CHOOSING A PATTERN

Indiana Limestone pavers can be installed in a multitude of different patterns and combinations. Design your own or keep it simple with our pattern pavers conveniently palletized with a mix of three sizes to accommodate even the smallest projects - now available in a new smaller format option. For more information, patterns, and inspiration, please visit www.IndianaLimestoneCompany.com.

DESIGN YOUR OWN

DESIGN YOUR OWN PATTERNS WITH OUR STANDARD SIZES

Design inspiration can come from many places. Whether it's from a picture or visiting a home and garden show, knowing how to create your own patterns with standard sizes is essential in helping to make your design vision come to life.

Determining the Ratios

If your paving doesn't come in the sizes of the pattern by which your customer is inspired - re-design it with standard sizes. Take the smallest square in the pattern as a base unit size, and create ratios to all of the other sizes (how many of the small unit it would take to make the other sizes). Then, apply this logic to all of the sizes in the pattern. In a typical French pattern, the smallest size is 8" x 8" - all other sizes are based on multiples of 8".

- An 8"x8" paver would be 1 Unit by 1 Unit in that example.
- Another size in that pattern is 16" x 24" which would be 2 Units by 3 Units.

Selecting the Right Sized Paving to Make the Pattern

As long as the pavers you select have sizes available in the same ratio - you can achieve the same aesthetic with other sized products. The natural stone option referenced above can be used to lay the same pattern, but in a larger format.

Example:

- Dimension: 11-5/8" x 23-5/8", Ratio: 1/2 Unit by 1 Unit
- Dimension: 23-5/8" x 23-5/8", Ratio: 1 Unit by 1 Unit
- Dimension: 23-5/8" x 35-5/8", Ratio: 1 Unit by 1-1/2 Units

Broader Application

Knowing these basic principles - you can apply them to any pattern. Below is a traditional French pattern that has been scaled up to accommodate larger format pavers.

Converting the smallest size to 12" x 12" and using multiples of twelve delivers the same pattern and overall aesthetic in a larger format.

Highpoint paver pattern, 3" and 6" garden wall, smooth sills as wall caps, and garden steppers.

24" x 24" Standard size pavers.

*Highpoint paver pattern, 3" and 6" garden wall in ashlar pattern, sills used as wall caps.

GARDEN STEPPERS

Urban Hardscapes by Indiana Limestone Garden Steppers lend a sense of weight and permanence by creating step elements from single pieces of Indiana Limestone. Our steppers add an inviting touch to any landscaping area.

APPLICATIONS

Steps

Patios

Garden stepper: Split front, back, and ends with belt-sawn top and bottom.

Garden steppers with Highpoint paver pattern in slab paving.

GARDEN WALLS

Urban Hardscapes by Indiana Limestone Garden Wall can add depth to any space. A dry-stacked, non-retaining product, it is perfect for shallow floral beds and landscaping elements. Available in 3" and 6" heights, it is cut on-site to achieve a broad variety of looks. Use the 6" height in a bonded pattern for a more massive, monolithic look. Use 3" height in longer lengths for a more contemporary look.

Dry stack designs should only be used in limited and non-retaining applications. Walls, excluding caps, should not exceed 2 feet in a single width. Larger heights can be designed if multiple interlocking widths of product are used. If using caps on a single depth wall, it is recommended to use mortar to set the cap for stability. Designs should be completed or reviewed by a landscape professional or mason prior to construction.

APPLICATIONS

Walls

Patios

Mailboxes

3" and 6" ashlar pattern for a more dynamic look.

6" height in a bonded pattern for a more massive, monolithic look.

3" height in longer lengths for a more contemporary look.

PIER CAPS

Urban Hardscapes by Indiana Limestone Pier Caps are the perfect finish for your vertical application projects. Available in a wide range of sizes with smooth or pitched edges, our pier caps fit whatever you have in mind. They are available in 2-1/4" and 3" thicknesses.

APPLICATIONS

Columns

Walls

Mailboxes

Square edge pier cap.

Rock face pier cap.

WALL CAPS

Urban Hardscapes by Indiana Limestone Wall Caps are the ideal choice for a unique accent piece for your garden or retaining wall that will stand the test of time. Wall caps provide a strong finishing touch to any of your brick or stone wall designs. Architecturally versatile, they are available in 2-1/4" and 3" thicknesses.

APPLICATIONS

Columns

Walls

Mailboxes

Rock face wall cap.

Rock face wall cap.

Sill used as a smooth edge wall cap.

TREADS

Urban Hardscapes by Indiana Limestone Treads are a mainstay for stone step treads across North America. Indiana Limestone has been used extensively as step treads, mantels, hearths, and copings. All are available in a standard thicknesses, a 12" depth, and in lengths from 3' to 8'.

APPLICATIONS

Pools

Patios

Vanderbilt Classic® thin veneer with treads.

POOL COPING

When you want a beautiful and long-lasting poolscape, look no further than Urban Hardscapes by Indiana Limestone Pool Coping. Our coping offers a unique set of properties that keep it cool to the touch even in direct sunlight, which makes our pool coping desirable when your family is barefoot enjoying the summer.

APPLICATIONS

Pools

Patios

Steps

Pool coping with small format pavers.

Pool coping with slab pavers.

Pool coping with small format pavers.

BOULDERS

Urban Hardscape boulders add a strong accent to any landscape design. Often used to delineate spatial elements, accent landscape elements, and in water features, Indiana Limestone boulders offer an opportunity for material continuity in accents, as well as designed elements.

Indiana Limestone boulders are natural stone from our quarries, and vary as a natural material. While images are representative we cannot guarantee that boulders feature weathering, moss elements, quarry drill marks, etc.

Large sized boulder.

APPLICATIONS

Patios

Walkways

Fire Pits

Varied boulder sizes available for large or small scale design elements.

BENCHES

Our Urban Hardscapes by Indiana Limestone Benches add an additional appealing component to any landscaping project. These timeless pieces are constructed from a split face top slab with split face legs, both include a sawn finish top and bottom. Pair it with other Urban Hardscapes products, including our patterned pavers, to create a residential or commercial sanctuary!

APPLICATIONS

Patios

Walkways

Fire Pits

Bench with small format pavers in the Lyon pattern (traditional French) and pool coping, 3" and 6" garden wall, and smooth sills as wall cap.

CUSTOM FABRICATION

Our comprehensive portfolio of finished goods can meet your complete project requirements in many cases. When it does not, we can refer you to a custom fabrication partner or help your preferred stone fabricator understand how easy it is to work with Indiana Limestone. Contact our sales staff for a project review and consultation.

Custom treads.

Custom pool coping and window trim.

Custom pier caps and wall caps.

Outdoor grill and fireplace constructed with Berkshire veneer in a bonded pattern.

ESTATE VENEER SERIES

by Indiana Limestone Company

ESTATE VENEER SERIES

Beauty and permanence combined.

Our Estate Veneer Series offers durability with a timeless style and coordinates perfectly with our Urban Hardscapes-branded landscape products.

Our veneer styles include Berkshire, Rockford, and Vanderbilt. Each offers distinct character and is available in full bed and sawn thin options to meet your design requirements. You can even coordinate your outdoor living area to your home's veneer.

Our Estate Veneer Series can be used for columns, exterior facades, outdoor fire pits and much more. Your creativity is the only limitation.

BERKSHIRE[®]

Available in Thin and Full Bed Veneer

Berkshire is a solid, genuine natural Indiana Limestone split faced veneer. The variation of height courses creates a classic and pleasing random definition for both commercial and fine residential structures.

Create a contemporary look with a bonded pattern.

Ashlar pattern shown in four course heights.

Random sized stones pattern.

Consider mixing the split and tumbled look of Rockford to contrast smoother building materials.

ROCKFORD[®]
ESTATE BLEND

Available in Thin and Full Bed Veneer

Rockford Estate Blend is a beautiful veneer of lightly tumbled genuine Indiana Limestone with a full range of natural color and sizes that will accentuate the dynamics of each individual application and architectural style.

Vanderbilt[®] CLASSIC

Available in Thin and Full Bed Veneer

Vanderbilt Classic is a solid, genuine natural Indiana Limestone sawn veneer. The strong, clean look of real limestone is ideal for commercial and fine residential structures.

Mix the the smooth and clean look of Vanderbilt with other building materials.

Vanderbilt veneer shown in running bond pattern to accent lower windows.
